

Connecticut Lacrosse Classic

HAZARDOUS WEATHER/EVACUATION POLICY AND PROCEDURES

- A horn will sound three short blasts to indicate the need for all participants to evacuate the playing fields and return to their vehicles for approximately 30 minutes from when the last lightning or other hazardous condition is detected.
- Tents and equipment can be left at the fields until the storm delay is completed.
- Once the storm clears, five short horn blasts will denote 15 minutes until resumption of play;
- If the evacuation occurs during the first half of a game, the teams will return to play the second half of the game and the entire schedule will be delayed by the duration of the delay.
- If the evacuation occurs during the second half of a game, that game may be terminated and the score at the time that play was suspended will be the final score; the next round of games will be played when play resumes and the remaining schedule will be played on a delayed basis in its entirety.
- No refunds will be issued for games that are cancelled for unforeseen reasons related to unsafe playing conditions.

In the interest of ensuring participant safety and the appropriate use of the tournament facilities, the Connecticut Lacrosse Classic reserves the right to postpone, cancel, or shorten games due to inclement weather, especially lightning. If lightning or other hazardous weather is detected, the following mandatory procedures will be implemented:

THANK YOU FOR YOUR ATTENTION AND COMPLIANCE WITH THIS SAFETY POLICY AND PROCEDURES!
